

Silverchair Courses

Silverchair's 95 courses (43 for Long Term Care, 25 for Assisted Living, 20 for Home Health, and 7 for Personal Care), are designed for all staff from the frontline worker through administration. These curricula provide the inservice and regulatory courses essential for CMS and OSHA compliance. Updates are provided as needed and are included.

Many of our courses are available as **CE-accredited courses** (marked with an asterisk *). These courses cannot be edited; however, they are also offered as non-CE versions that allow for editing.
